To whom it may concern

I would like to endorse the Mad Sports *Play for Life* Program.

St Anthony's Primary School first introduced *Play for Life* in Term 3, 2007 to our K – 2 Year Levels. In 2008 we have also added 3 – 6 Year Levels, for Term 2.

The students have been introduced to a variety of games based activities over the 5 week program. I have seen my students benefit enormously from their involvement with an increase in physical activity, development of motor skills and team work concepts. Mad Sports develop age appropriate activities that ensure maximum participation.

The students' attitude to *Play for Life* has been excellent and all students are engaged and enthusiastic.

Mad Sports staff are professional and organised and *Play for Life* has been an excellent inclusion in our school curriculum.

I would recommended this program to schools in the area and would be happy to discuss our involvement with you.

Yours sincerely
